

In Conversation

*Vania
Gonzalvez*

&

*Sebastian
Benitez*

We decided to go on a date while 3646.110 kilometres apart.

In Conversation is an attempt to introduce oneself through imagery. Knowing close to nothing about each other, we share images that talk about our personalities, habits, hobbies, favourite places, etc.

As it is a first date, not only do the images aim to introduce, but also to capture each other's attention.
