So John the second was walking down a canal, and tripped  
on a lobster formally known as Rinkle bum and John  
Strapped a harness on the lobster and took off and  
flew over the second atlantic ocean, which is similar to the  
first one but has more of a pinky blue colour and they  
banded on the upside down disco Island of great sheep king  
known as pussy face, and pussy face sent them to the  
freshly carpeted cave of the all seeing brain dead slug,  
and the slug said to john, do you think you can tell,  
did they get you to trade your heroes for ghosts, hot ashes  
for trees hot air for a cool breeze, cold comfort for change,  
did you exchange. The lobster then party with the brain dead slug  
and john set up a shop on the Island selling selling high heel shoes  
but they sheep preferred tap dance shoes, so john and the  
sheep had a dance off when suddenly in the slug a fuck knows
